1.	Quality maintained in the services provided to the learners	Maintaining quality of the services to the learners has remained one of the primary focuses of the activities of CIQA. This includes continuous assessment and evaluation of such services and efforts to set standards for the same. The 8th meeting of the CIQA held on January 6, 2021 has decided to prepare component wise audit manuals for all important components of learner support i.e. Network of Regional Center and LSCs, Distribution of SLM, Conduct of Counseling Sessions, Turnaround Time in Operational Procedures, Extent of Downloading e-Resources, Assignment Evaluation and LSC Monitoring from the HQ and RCs. Consequently, the first phase of the assessment of learner support services was completed during the period and the report was submitted. In continuation to the process a Manual for Multimedia Production was prepared so that materials produced meet the required quality standards. Moreover, the CIQA has taken initiatives to strengthen the e-mentoring system that the University introduced the academic session July 2020 onwards. The 8th meeting of the CIQA has made special arrangements to prepare a detail guideline for conducting e-mentoring and put up a system of periodic review for maintaining the quality of various services provided to the learners. Accordingly, an e-Mentoring Guideline was prepared and system of e-Mentoring has become one of the best practices of the University.	<ul style="list-style-type: none"><li>• <b>Minutes of 8th CIQA Committee</b> <a href="http://dlkkhsou.inflibnet.ac.in/jspui/handle/123456789/952">http://dlkkhsou.inflibnet.ac.in/jspui/handle/123456789/952</a></li><li>• <b>Annual Report</b> <a href="http://dlkkhsou.inflibnet.ac.in/jspui/handle/123456789/971">http://dlkkhsou.inflibnet.ac.in/jspui/handle/123456789/971</a></li><li>• <b>Manual for Multimedia Production</b> <a href="http://kkhsou.in/web_new/multimedia/pdf/documents/Manual%20for%20multimedia%20Production.pdf">http://kkhsou.in/web_new/multimedia/pdf/documents/Manual%20for%20multimedia%20Production.pdf</a></li><li>•</li><li>• <b>E-Mentoring Guideline</b></li><li>• <a href="https://kkhsou">https://kkhsou</a></li></ul>

2.	Self-evaluative and reflective exercises undertaken for continual quality improvement in all the systems and processes of the Higher Educational Institution	<p>In order to ensure continual quality enhancement in all systems and processes of the University the CIQA has taken up several initiatives during April 2020 to March 2021. The CIQA has undertaken an internal audit of the Self Study Materials (SLMs) both in Assamese and English. The Committee, in its Report, has identified specific shortcomings and recommended areas of interventions. In addition, the CIQA started the Audit of the Learner Support Services of the University and during the period the Reports of the First Phase of Audit could be successfully compiled. The Reports covered wide range of Learner Support Services viz. Network of Regional Center and LSCs, Distribution of SLM, Conduct of Counseling Sessions, Turnaround Time in Operational Procedures, Extent of Downloading e-Resources, Assignment Evaluation and LSC Monitoring from the HQ and RCs. During the period, the CIQA has taken initiatives for completing the requirements for the First Cycle of NAAC Assessment and Accreditation of the University and accordingly, submitted IQA in November, 2020 which was accepted in January 2021 and then SSR in March 2021. Before the submission of the SSR, CIQA took initiatives to conduct Academic and Administrative Audit (AAA) of the University in February 2021 involving three renowned external experts Professor Manjulika Srivastava, Director, CIQA, IGNOU, Professor Swaraj Basu, IGNOU and Professor Nirode Boruah, Former Director DODL, Dibrugarh University. The Exercise covered all aspects of academic and non-academic functioning of the University and assessed quality dimensions thereof with identification of possible areas for improvement. During the period, the office of the CIQA also prepared a Report on the Best Practices of the University in terms of Governance, Academic Innovations, Teaching Innovations, Administrative Innovations, Conduct of Examinations, Student Welfare, Grievance Redressal and Extension Activities. 3.	Contribution in the identification of the key areas in which Higher Educational Institutions should maintain quality	<p>One of the key activities of CIQA includes identification of and contribution to the potential areas in which University is required to maintain quality. Typically, the CIQA makes an effort to fulfill this mandate through its various initiatives, activities and practices. However, substantive contribution to quality requires more systemic efforts and initiatives. During the period, the CIQA conducted a rigorous Academic and Administrative Audit (AAA). The AAA conducted by three external experts thoroughly assessed the functionings and areas of operations of the University and has identified the strengths and weaknesses and identified the critical gaps which needs to be bridged via systemic interventions. Besides, the CIQA took initiatives to map various learner support services offered by the University and conduct internal audits of those services. Accordingly, the exercise identified several areas for interventions. These included preparation of a checklist for production of audio-visual materials, measures to be adopted for providing online guidance and counseling to the learners, seamless and smooth access to e-SLM, provisioning of full-time help desk for learners, augmentation of online admission process, study material distribution in a time bound manner, and institutionalization of learners' grievance redressal system etc. Based on these inputs and observations, CIQA prepared the Annual Action Plan for the year 2021-2022. Most importantly, in order to make substantive systemic contribution to maintenance of quality the CIQA initiated discussion on preparing a perspective plan for the University. The 10th Meeting of the CIQA Committee held on March 30, 2021 has discussed the matter at length and have resolved that the Plan should embrace all aspects of the University - i.e. academic, administrative, technology and infrastructure.</p>	<ul style="list-style-type: none"><li>• Report of AAA <a href="http://ciqa.kkhsou.in/doc/Academic Administrative Audit KKHSOU Report.pdf">http://ciqa.kkhsou.in/doc/Academic Administrative Audit KKHSOU Report.pdf</a></li><li>• 10<sup>th</sup> CIQA Meeting Minute <a href="http://dlkkhsou.inflibnet.ac.in/jspui/handle/123456789/959">http://dlkkhsou.inflibnet.ac.in/jspui/handle/123456789/959</a></li></ul> <p>III</p>

This serves as an additional and more personalised channel of feedback besides the Under the Learner Mentoring System, every faculty creates a Mentoring Group using online medium like WhatsApp and/or Telegram to connect to the respective learners of his/her programmes. The Groups cater to the needs of the learners at different levels. Additionally, each faculty is assigned a few Study Centres and they are given the task of creating Mentoring groups (WhatsApp and Telegram) for the learners of those Study Centres. Thus, a large network of learner-faculty interactions has been created under the system. The system not only offers regular counselling or consultation but it also allows the learners to provide feedback regarding the online classes, exams, assignments etc. This System acts as a medium to close the gap between the learners and the teacher-facilitators so that the former can give his/her feedback without any hesitation. All the programmes offered by KKHSOU have some common characteristics which are reflected in all courses right from the Certificate to Master's degree where it is clearly stated that besides providing knowledge to learners on different national and global aspects, the University has also taken particular account of the regional aspects. We can highlight some of them as the following: In all programmes an attempt is made to provide the scenario of Assam in all aspects such as economic, social, cultural, historical, educational, philosophical, and ethical. The basic motto behind the inclusion of such aspects is to make the learners aware of their own region. All the programmes are designed with a view to incorporating the latest knowledge from every field. Hence, the syllabi are revised and updated time-to time to acquaint the learners with the current topics and areas of learning. Besides, wherever there is a scope, the University has offered its learners the scope to engage themselves with the community while undertaking activities like field work, project work etc. Programmes have been designed to meet the educational and skill development needs of the learners. While developing the programmes the University has taken into account that besides acquiring knowledge, all programmes provide scope for livelihood for every learner. All the academic programmes are duly approved by the apex and statutory bodies. The UG and PG programmes have been launched according to the approval of DEB/UGC and the Certificate/Diploma programmes are approved by the Academic Council and BoM, KKHSOU.

KKHSOU prepared quality Self Learning Materials (SLM) using best resources of the Country. Self-Learning Materials (SLMs) are prepared through an organized system of course material development. SLMs are available both in print and e-format which are further supported by audio-visual resources to promote an individualized, creative and dynamic learning eco-system. The SLMs of various programmes are provided in the local languages i.e., Assamese, Bangla and Bodo. SLMs in Braille and audio format also prepared. The learners are provided with SLMs in both print and digital format. Digital SLMs are provided to the learners through the Learners’ Portal.

e-Bidya LMS: Initially, all e-SLMs were provided in PDF/HTML format through e-Bidya portal. Now this portal has been updated to Learning Management System (LMS) by using popular open source software Moodle which can be accessed via <https://ebidya.kkhsou.ac.in/> where audio visual material, discussion forum, online chat along with study material has been uploaded.

While developing the e-SLM, audio-visual material, the print SLMs are considered as the base material. With the facilities available in the Multimedia Studio of the University, the University faculty members have developed video classes which are uploaded on YouTube and University website. Regarding curriculum and pedagogy, the University is guided by the PPR and specified credit structure. While developing the audiovisual material, the University ensures that synchronization of sound and image, appropriate graphics and animation relevant to the course content, and appropriate visual texture and related images are incorporated.

## **5.3 Compliance status in respect of Self-Learning Material– As per Annexure – VII of UGC (ODL Programmes and Online Programmes) Regulations, 2020**

*HEI shall mention the process followed to ensure that SLMs are prepared as per the guidelines mentioned in the Regulations. The explicit details of approval by its Statutory Authorities shall also be mentioned.*

The most dynamic aspect of the SLMs in Print form KKHSOU is that these are prepared and produced in both English and Assamese medium. The SLMs for both theory and practical components are supplied to the learners. The syllabi of different programmes have been prepared and upgraded as per the recommendations by the statutory bodies such as University Grants Commission/Madhava Menon Committee and so on.

**Process of developing Self Learning Materials:** At KKHSOU, the different Schools of Studies initiate, conceptualise, design and develop the academic programmes of the University. The programmes are developed and prepared, following the established norms and procedures, by the in-house faculty members in collaboration with the eminent subject experts. The detailed proposed programme (i.e., the duration of the programme, the learning outcome, the programme structure, target group of learners, eligibility criteria, medium of instruction, credit weightage etc.) in accordance with the course structure recommended by the School of Studies is placed before the Academic Council (AC) for approval of the same. Subsequently, the schedule for programme development is fixed and the in-house faculties are assigned the responsibility to coordinate and manage the various courses of the programme within stipulated time. The course coordinator prepares a list of potential content writers, editors and translators for developing the courses. This list is placed before the respective School of Studies. Thereafter, the recommendation of the School of Studies are placed before the AC for approval. The AC allocates the Programme Code, Course Code for each programme.

**Instructional Design of SLM at KKHSOU:** Each programme offered by the University contains a number of courses as decided by the School of Studies. SLMs are prepared for each course following an Institutional House Style. Each course is divided into Blocks and majority of the courses have two or three blocks. Each block contains minimum 6-8 units or 4-6 units. A unit consists of minimum 3500-5000 words or 12-15 pages. Each unit is structured based on the principles of the Instructional Design which is based on the House-Style developed by the university. Each unit contains: Introduction, Learning Objectives, Presentation of the Sections, Check Your Progress, Activity, Let Us Sum Up, Further Reading, Answers to Check Your Progress and Model/Possible Questions.

The SLMs of the university undergo three types of editing: Language editing, Content editing and Format editing. The Content and Language editing are done by the external subject experts and Format editing is done by the in-house faculty members.

**Credit System:** While preparing the SLMs, KKHSOU follows the UGC Regulations passed from time to time. Currently, KKHSOU is following all the rules and regulations related to SLM development as suggested by the UGC (ODL) Regulations, 2017. In terms of study hours, one credit is equivalent to 30 hours of study. All the programmes are assigned credit weightages as follows:

Master Degree Programme: 64-72 credits

Degree Programme: 96-100 credits

Diploma Programme: 36-40 credits

Certificate Programme: 16-18 credits

The training and workshops are conducted to familiarize them on the development and preparation of SLMs. Experts from IGNOU, CEMCA as well as in house experts are invited as resource person to such programme.

This cell has been entrusted with the responsibility of production and distribution of SLMs. KKHSOU has empanelled printing presses which print SLMs in black and white. The different Disciplines prepare the Camera-Ready Copies (CRCs) and get its SLMs printed. Soon after the enrolment process of learners is completed, the SLMs are distributed to each learner for the courses in which he/she has enrolled.

Role of Dean (Academic): The Dean (Academic) deals with the planning of new Programmes. He/she gives relevant information and assists the different Schools of KKHSOU in developing their proposals.

Role of School of Studies and Disciplines: The School of Studies and Disciplines of different subjects are the basic academic units responsible for the conceptualisation, design and development of academic programmes. The Courses of the Programmes are designed by the concerned Disciplines as per the House-Style of the University. The schedule for the development of the Courses is done according to the Academic Calendar of the University.

Role of Course Coordinator: The Course Coordinator manages the whole developmental process of the course. The coordinator constitutes the SLM preparation team in consultation with other faculty members of the Discipline. The SLM preparation team includes subject experts, content writers, content editors, language editors, format editor and translator (in case of bi-lingual SLM). #### Network of Study and Examination Centres:

The University has made special efforts to reach the underserved areas through a network of study and examination centres catering to the requirement of the learners. Nearly half of the study centres cater to the needs of these areas—study centres in hills (2%), tea garden (11%), border (7%) and riverine (char) areas (27%). Efforts are also made to equip these centres by providing computers and audio-visual aids to make learning more accessible to the learners. The university has been successful in incorporating learners (56% of the total enrolment) from various disadvantaged groups such as ST/SC/OBC/Tea Tribe. Besides, 40% of the total enrolment is women, which is an important fact to be considered in the

context of whole North East India where KKHSOU is the first and only state open university.

Management of Study Centres: The office of the Dean (Study Centre) manages the affairs of the study centres. In order to decentralise the management of the study centres, the University has established Regional Centres. For making the study centres effective places of learning, provisions of all relevant services including counselling, audio-visual facilities, personal contact programmes etc. are made at the study centres by the University. This is accomplished through a participatory management process involving the host institutions, coordinators and learners.

**Institutional System of Learner Feedback:**

The University has introduced a unique Learner Mentoring System to reach out to the learners and institutionalise a feedback mechanism. This serves as an additional and more personalised channel of feedback besides the Under the Learner Mentoring System, every faculty creates a Mentoring Group using online medium like WhatsApp and/or Telegram to connect to the respective learners of his/her programmes. The Groups cater to the needs of the learners at different levels. Additionally, each faculty is assigned a few Study Centres and they are given the task of creating Mentoring groups (WhatsApp and Telegram) for the learners of those Study Centres. Thus, a large network of learner-faculty interactions has been created under the system. The system not only offers regular counselling or consultation but it also allows the learners to provide feedback regarding the online classes, exams, assignments etc. This System acts as a medium to close the gap between the learners and the teacher-facilitators so that the former can give his/her feedback without any hesitation.
